SUMMARY

Software Engineer at Infosys working on Dow Jones client applications using the MERN stack. Skilled in React.js, JavaScript, Node.js, Express.js, and MongoDB, with experience in application maintenance, feature development, debugging, and full-stack web development.

TECHNICAL SKILLS

Languages: Java, JavaScript, Python, SQL, C++, HTML, CSS

Frontend: React.js, Redux.js, Tailwind CSS, Three.js, GSAP

Backend: Node.js, Express.js, REST APIs, MERN Stack

Cloud, Databases & Tools: MongoDB, DBMS, AWS, GCP, Git, GitHub

WORK EXPERIENCE

Infosys

Systems Engineer

Aug 2025 – Present

India

- Work on enterprise applications for the **Dow Jones** client as part of a development team using the **MERN stack**.
- Contribute to the maintenance and enhancement of the **DJCSS website**, working with React.js, Node.js, Express.js, and MongoDB.
- Develop and modify application functionality, troubleshoot issues, investigate bugs, and implement fixes following established development practices.
- Gain exposure to the **Reports Portal** and **Newsletter** applications, contributing to development and maintenance activities.
- Collaborate with team members through Git-based workflows, code reviews, testing, and deployment processes.

LN Technosoft Pvt. Ltd.

Web Developer Intern

Nov 2023 – Dec 2023

Visakhapatnam, India

- Developed React.js frontend functionality for an e-commerce application, implementing dynamic product filtering based on selected criteria.

PROJECTS

Cuerates  | **Full-Stack Web Application**

- Built a social platform for discovering, tracking, and sharing movies and TV shows, including watchlists, recommendations, profiles, and chat.
- Developed the application using the **MERN stack**, integrating responsive frontend interfaces with backend APIs and database services.

Apple Clone  | **Interactive 3D Web Experience**

- Recreated Apple's product page with interactive 3D product presentation, scroll-based animations, and animation-driven interactions.
- Implemented the experience using **React, Three.js, and GSAP**, focusing on responsive design, visual fidelity, and smooth interactions.

Zentry Clone  | **Interactive Frontend**

- Recreated Zentry's interactive website with scroll-driven animations, layered content reveals, and responsive interactions.
- Built the experience using **React and GSAP**, focusing on animation timing, transitions, and immersive frontend interactions.

EDUCATION

Vellore Institute of Technology

B.Tech. Electronics and Communication Engineering | *CGPA: 8.45*

2021 – 2025

Chennai, India

CERTIFICATIONS

Google Cloud Digital Leader

AWS Certified Cloud Practitioner

ACHIEVEMENTS

- **VITISH Hackathon 2024:** Developed a real-time TinyML system for vehicle safety and passenger comfort.
- **Krypthon Hackathon 2023:** Team placed among the **top 20 finalists**.
